

Election Promises - Spring 2025

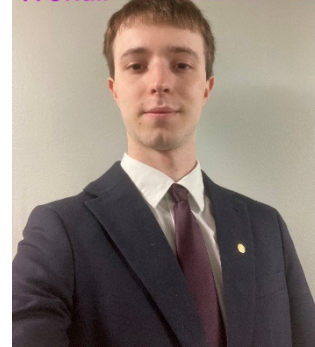

Introduction

Below is a compiled list of all election promises submitted by the candidates running in the 2025 SASSE Spring Election. The order of the election promises are: (1) Chair of the Council, (2) Board of Directors, (3) Ordinary Council Members.

The order that the candidates' election promises are in have been arranged randomly. Should you have any concerns or queries regarding this document, please contact the Election Committee at ec.president@sasse.se

List of Corrections/Changes:

12th May 2025: First version published

CHAIR of the Council

Name, registration number & year of enrollment: **Filip Avgeris**, 25971, 2023

Three reasons to vote for you:

1. Text/call me at +46790562003 or follow my campaign on Instagram: **@filip4chair**
2. You want someone with a lot (analyst Digital Assets Society, Mitt Livs Val Mentor, SASSIS, participant in AMP, SASSE President Candidate last year, worked at Ski Pub, Master Graduation afterparty and team leader for SASSE in the Mitchell L. McLean Trial Competition) **SASSE Experience** & other student engagements (SNNC Nightie, Art Guide for SSE Art Initiative and **President** of **Kungshamra** Tenants Association in **SSSB**)!
3. You want the one with **the most relevant** SASSE Experience as **Director of Member Engagement in SASSE Council**, being the only first year student elected in 2024 Spring Election

Three reasons not to vote for you:

1. You think that all the people in Kungshamra SSSB that voted me as their president are stupid.
2. You think that everyone that voted me in last year's Spring election, when I got elected as Board of Directors in SASSE Council, is stupid.
3. You don't appreciate that I kept my promises (from last year's Spring Election) and would rather vote someone promising e.g. to digitalize receipts, something that has been promised both in 2022 and last year and still didn't happen.

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

I would distribute resources in such a way that money mainly go to all the students and to support more initiatives. The only way to increase engagement is through supporting all student initiatives and ensuring every student gets benefit from SASSE regardless of engagement in SASSE.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

Nothing, I just love SASSE. Put it other way, I don't want to go on Exchange, work extra to a greater extent or improve my GPA, I just want to make SASSE even better for everyone and the feeling of keeping my promises and doing even more for SASSE is so rewarding.

Election Promises (Max. 300 words)

Get on the boat

and Remember to Vote

Filip for a Chair that DARE:

(D)irect Democarcy: SASSE Council serves as the democratic forum for SASSE Members and Committees to have an issue delt. That is why it is important to publish well in advance info about our meetings, participate in the Intro Week, take member feedback into account and welcome everyone to our meetings (You also get Free Food if you attend FUM!), send the Agenda to every member upon request, help people bring up motions in the Council meetings and be a forum for everyone to directly influence SASSE and support people in that!

(A)ccesibility: Of information and myself! I promise to continue working in order to ensure that SASSE Council is transparent and make myself available to all SASSE Members by attending as many SASSE events as possible and feel free to text me, give me a call and book a meeting with me both during and after the Elections!

(R)espect: The SASSE Member's will, everyone in SASSE, be a good leader for the Council and bring up member input and ensure it is a part of all our decisions.
You elect me to be YOUR VOICE!

(E)xperience: I have learned a lot from my previous Experience in SASSE and life on what can realistically be done, what needs to be done and how to get stuff done in SASSE!
So, unlike others, I don't only promise a bunch of stuff, but I keep my promises.

Chair of the Council

Malte Nyholm 25801

Year of Enrollement: 2022

Reasons to vote for me:

1. You like efficient meetings
2. I did a backflip on Capitol Hill
3. One too many beers on a tuesday night is something you enjoy

Do not vote for me if:

1. Meetings past 1am interests you
2. Uncertainty and lacking transparency
3. You like Ryans Red Curry over Pad Thai

Election Promises:

1. Increased Transparency through Clear and Accessible Communication

I will make all key information about SASSE's decisions, and goals more readily available and easy to understand. By presenting updates in a clear, concise, and engaging way, I will ensure every member feels informed, and able to hold the organization accountable.

2. Revitalizing SASSE's Rich Snapsvise Tradition

I will strategically reengage SASSE with its historic and beloved snapsvise culture. Through new initiatives and workshops, I aim to strengthen our community bonds, and make snapsvisor an integral and lively part of student life once again.

3. Driving Progress Toward the Next Enoksro Acquisition

I will actively shape SASSE's priorities and agenda to ensure we are positioned for the timely acquisition of the new Enoksro property.

Board of Directors

Name and registration number: Philip Wallin Remmer (25634)
Year of enrollment: 2022

Three reasons to vote for you:

1. If you want a Member of BOD who has been engaged in many different parts of saspe
2. To increase members awareness of SASSES contacts to the school
3. Honestly, why not?

Three reasons not to vote for you:

1. If you hate SASSE
2. If you don't like people who sound like they have a potato in their mouth when they speak (I'm danish)
3. If you want less member engagement

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

More money towards general student benefit (e.g. tentafika), so that everyone can enjoy the benefits, not just the most engaged members.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

It is a great opportunity to experience some board work, which will likely be relevant in the future

Election Promises (Max. 300 words)

- **An engaging SASSE:** My goal will be to work strategically with member engagement to ensure that all members feel that they have a place in the organization, no matter how big or small. I will aim to do this through initiatives on specifically engagement, but also in information campaigns etc.
- **A voice for the students:** I want SASSE to be the go to place for students to turn their questions regarding the school. I want to work with our relation with both the school and more importantly the students, and try to normalize contacting SASSE such that we can help address any concerns.

Generally, I would like to work with out long term work of including all students, and broadening the use of the association (from the students point of view) to encompass for example connections with the school and other "more serious" activities. While in no way cutting down on the regular rotunda activities.

Board of Directors

Name and Student number: Ashwika Chhabria, 25928

Year of enrollment: 2023

Three reasons to vote for me:

1. I have experience from 6 SASSE projects and the SASSE Council as an Council Member
2. I actually enjoyed reading SASSE statutes (and found things we don't follow :-!)
3. I balance strategic vision with ensuring our SASSE values are not compromised

Three reasons not to vote for you:

1. I did both the data electives voluntarily
2. I always bump into someone from handels at Odenplan
3. You want me to do more SASSE projects and maintain my streak

What revisions would you like to make to the SASSE budget?

I would like to make the budgets more clear in terms of what can be adjusted, and where interventions can be made to save or earn more. When projects submit motions to change budgets, the effort to find a middle ground should come from both the Council and the project.

What does this position mean to you, career-wise?

I will grow and learn as a person like I have this year in SASSE. I am running because I would love to work with the association in ways that have more impact and meaning. Being obsessed with getting every detail right has absolutely nothing to do with this.

Election Promises

1. Make it easier and more transparent to learn about the Council's agendas, decisions and how they affect you as a SASSE member. Did you know you get discounts for Arlanda Express and Kayaking?
2. Encourage projects and events that lead to new and meaningful interactions that cater to a variety of interests of SASSE members.
3. Streamline SASSE processes to reduce barriers to getting things done at SASSE.
4. Make a for-dummies version for all SASSE policies. You deserve to know what you can do, and how to do it without reading 30 pages of legalese.

Council, board Of Directors

Name and registration number: Karina Drozdova 50954
Year of enrollment: 2023

Three reasons to vote for you:

1. You want the council to be represented by someone that cares about safety and well-being of students.
2. You want someone who cares about budget transparency within the sasse projects and committees.
3. You want sasse to have a more inclusive and welcoming environment.

Three reasons not to vote for you:

1. You want to contribute and benefit from nepotism within sasse.
2. You want to take advantage of the lack of transparency in the budget with no consequences.
3. You want to bully your peers without them reporting you.

What revisions would you like to make to the SASSE budget?

I would contribute to making the budget more transparent for all sasse members and potential contributors to the budget, and would help with the alumni membership policy, that the student council is working on. I am confident about the importance of budget transparency, as it helps mitigate misuse of funds and uneven allocation of resources.

What does this position mean to you, career-wise?

I would like to be responsible for the long-term development of organisations and that's exactly what being a part of the council's board of directors would give me. It overlooks SASSE on a global scale and makes the decisions that affect each part of the organisation. Having the power of bringing the safety and inclusivity I lacked in an association is empowering and inspiring for me.

Election Promises

In a student association like SASSE, I see a lot of possible improvements to be made with the interests of all students in mind. Safety and inclusion, budget transparency and financial contribution by alumni for SASSE committees, projects and initiatives would be my focus.

Firstly, I'd make sure that **reporting misconduct, such as harassment, discrimination, bullying and alike would be easier** to report and every sasse member would be aware of how to do it and who to reach out to. Most of my peers have no idea about the whistle-blower function and don't know how to report harassment and discrimination if they occur, I am really motivated to change that. Sasse must take harassments seriously to ensure safety of every student.

Secondly, I'd make sure that the **budget becomes more transparent**, and the members of the organisation would be able to give feedback on it. Alumni will get an opportunity to contribute to sasse's development financially. Let's say you graduate and decide to contribute to your favourite committee or project – I will make that possible.

Thirdly, I'd work on **increasing diversity** within sasse committees and their boards, as currently many of them have no international students. Presence of international students in the boards would make the organisation more diverse, those who don't speak Swedish would feel more included. I would make sure that the interviews for sasse roles are held fairly and equally for all students.

Should you have any questions feel free to call me (0761459129) or DM me on insta.

Karina

BOD and Chair

Name and registration number: Anastasia Borchardt Efstathiou

Year of enrollment: 2021

Three reasons to vote for you:

1. My SASSE experience
2. I would up the FUM dinner and fika game.
3. After having visited a lot of campuses in my previous roles, I can draw examples from many associations.

Three reasons not to vote for you:

1. 1. You are not a SASSE member
2. You think that understanding the organization from an operational perspective is bad
3. My election promises are "All greek to you".

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

Focus on keeping fixed costs low since we are committed to them every year to allow variable costs to respond to what is needed that given year.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

Nothing

Election Promises (Max. 300 words)

1. Use institutional knowledge and experience to give perspective on decision being made. This includes gathering opinions from members with different members of involvement at different points of time, I would put extra emphasis on reaching out and include members opinions too!
2. Investigate restructuring parts of the organization given certain structural changes the association has undergone. This is to better accommodate for these changes and ensure that conditions are favorable for the Board to work in the best way possible while ensuring the associations financial health.
3. Ensure that FUM is a body that is supportive and works in harmony with the SASSE Board, while giving constructive criticism throughout. I'd try to keep ongoing contact with the Board, beyond just the monthly meetings and be proactive over reactive in SASSE activity. As such, carrying the load to alleviate the SASSE board, in areas where FUM can.

Feel free to reach out at 25231@student.hhs.se in case of any questions!

BOARD OF DIRECTORS

Name and registration number: Kate Mwasi 26393

Year of enrollment: 2024

Three reasons to vote for you:

1. Less talk, more action
2. Experienced in startups and various projects: leadership, finding solutions, budgeting
3. Diversity in background and skills

Three reasons not to vote for you:

1. Bad humour
2. Straightforward
3. Honest to a fault

What revisions would you like to make to the SASSE budget?

More sockets! How does the school encourage us to study if we can't charge our devices?

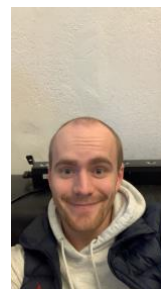

What does this position mean to you, career-wise?

It means applying my coordination and leadership successfully in various settings. Doing so to enrich my adaptability and contribute meaningfully to initiatives.

Election Promises

Simply put, I will deliver strong results because I operate with transparency and with honest effort. I promise to do my role to the best of my abilities, maintaining a warm but action-focused council.

Ordinary Council Member

Name and registration number: Filip Sundin, 25788
Year of enrollment: 2022

Three reasons to vote for you:

1. Previous experience from the SASSE Board
2. I want to stay in the Kåridor
3. You do not like FUM fikas

Three reasons not to vote for you:

1. You want to be a council member
2. You dislike the previous year
3. If you do not want to stay long after the fum meetings in the pub

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

I do not necessarily want to change anything with the budget but want to be a good sounding board in the council with regards to strategic matters of the budget when the SASSE board needs our assistance. This could include revisiting documents such as the template for frequently used accounts or financial regulations when it is time to adjust these based on changing circumstances.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

To be honest, this role is more about staying engaged in the association and not feeling too old. It would be a fun experience that certainly will provide valuable lessons.

Election Promises (Max. 300 words)

My election promises are twofold, first and foremost, I strive to ensure that our financial related documents are updated where deemed necessary. It is of utmost importance that these are up to date and that we as an association can meet them.

Secondly, I want to strive to continue the process of maximizing student benefit. That in every decision taken in the council student benefit is in the center. In its essence this means trusting the SASSE board who are the operational part of the association, and making sure we in the council focuses on more strategic matters and making sure regulations are met. At its core it is about student benefit and not profits and our decisions should reflect those values.

Ordinary Council Member

Name and registration number: Michael Brusis, 25895
Year of enrollment: 2023

Three reasons to vote for you:

1. I can recite Handels Lov while doing macarena
2. Passed Data 1 + 2
3. More results + less red tape = way more awesome

Three reasons not to vote for you:

1. I am not allergic to gluten, so on October 4th, beware your Kanelbullar :)
2. I've developed a sixth sense for knowing exactly when free food appears on campus – and I'll share this power with all my constituents (which might lead to stampedes)
3. My enthusiasm for "more results" might mean I occasionally treat committee meetings like speed-dating rounds, aiming for maximum efficiency over, say, prolonged philosophical debate on the merits of a new coffee machine

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

I will allocate more funding to student-led initiatives while decreasing administrative overhead, because empowering students to create their own opportunities yields higher engagement and more innovative campus activities.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

This position represents an opportunity to transform student experience while developing practical leadership skills, because I believe the best way to learn management is through hands-on experience solving real problems that affect our community.

Election Promises (Max. 300 words)

A Midsummer Night's Council *A Shakespearean Micro-Play in One Act*

Enter CANDIDATE, addressing the STUDENTS OF SSE

CANDIDATE: Hark! Fair scholars of this noble institution! Three promises I make, with steadfast resolution: First, to the Golden Hall your diplomas shall return, Where ceremony grand befits knowledge you did earn.

The second vow: more lectures paired with midday feast, Where wisdom flows with soup and bread, to say the least. Minds nourished twice - in thought and sustenance complete, A scholarly repast where brain and stomach meet!

And lastly, hear my pledge to vanquish red tape's curse, To make bureaucracy simple, better - not worse! With less of paper's burden and more of action's might, The student experience shall shine most wondrous bright!

Aside to audience Vote for me, good friends, and watch our school transform From mere academy to legend newly born!

Exit CANDIDATE with a flourish

ORDINARY COUNCIL MEMBER

Name and registration number: Vivien Kovacs, 26049

Year of enrollment: 2023

Three reasons to vote for you:

1. I care about making SASSE more valuable and inclusive for everyone – anyone who's part of it, regardless of how involved they are.
2. I take initiative and follow through.
3. I bring relevant experience from both board work and from SASSE, especially through my involvement in INTU.

Three reasons not to vote for you:

1. If you're allergic to new and fresh ideas.
2. If you're not a fan of transparency – you want mystery.
3. If you think I should spend more time studying and less time working to make SASSE better for everyone.

What revisions would you like to make to the SASSE budget?

I would revise the SASSE budget to allocate more funds to events that engage a broader range of members, especially those who aren't typically involved. SASSE should be a space where everyone feels welcomed, included, and encouraged to participate.

What does this position mean to you, career-wise?

This position is a chance to give back to SASSE in a meaningful way by using the experience I've gained both inside and outside the association. With that experience, I can contribute from a more informed perspective and help make decisions that truly reflect what members need.

Election Promises

What would SASSE be without its fantastic members?

If elected, I promise to represent and make the best decisions in the members' interest. I'm always open to chat, listen to your ideas, and act on what matters to you.

I will push for more inclusive, low-barrier events that invite broader participation and make it easier for anyone to contribute with their ideas. With my experience from both INTU and SASSE, I'll also work for more transparency and communication, so all members feel informed and valued.

I'm here to listen, take action, and help make SASSE better for everyone – including you!

If you have any questions, don't hesitate to reach out on 26049@student.hhs.se

Ordinary Council Member

Name and registration number: Ebba Sjöqvist, 260 68
Year of enrollment: 2024

Three reasons to vote for you:

1. Driven
2. Engaged
3. Social

Three reasons not to vote for you:

1. You don't drink coffee
2. You don't like skiing
3. You prefer the retail building over the main-building

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

My ambition is to make it easier for more students to get involved in SASSE by setting aside part of the budget to support both new ideas and existing projects. I believe this would help more members take part and feel included in shaping our student life.

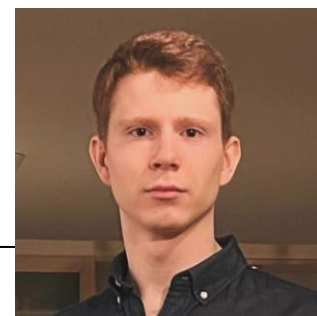

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

Personally, getting involved in SASSE isn't about my career—it's about friendship and making memories with my fellow students. By bringing ideas from my classmates to the table and helping shape the future of student life together, I hope to make a real impact on SASSE.

Election Promises

If elected, I will do my best to make SASSE as accessible and engaging as possible for all students. I will encourage SASSE to value member-driven activities and informal activities as much as large-scale, committee led projects. Sometimes the best ideas come from students who just need a little encouragement and support to get started. This goes hand i hand by improving how SASSE communicates about decisions and opportunities.

Ordinary council member

Name and registration number: Carl Foyer, 26176
Year of enrollment: 2024

Three reasons to vote for you:

1. I will bring fresh energy and new ideas to make SASSE more engaging, inclusive, and fun.
2. I'm committed to amplifying your voice and making sure our student experience reflects what we actually want.
3. I know how to turn vision into action — expect real initiatives, not just talk.

Three reasons not to vote for you:

1. You think things are already perfect and don't need improvement.
2. You prefer council members who only follow tradition instead of challenging it.
3. You don't like someone who asks questions and pushes for progress.

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?
I'd like to introduce a flexible innovation fund for student-led projects and ideas.
This would empower members to actively shape their own SASSE experience.

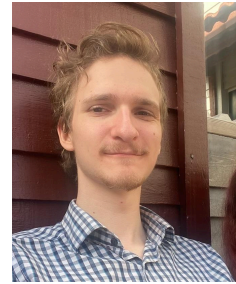

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?
This position is a chance to develop strategic leadership in a dynamic, real-world setting.
It aligns with my long-term goal of driving meaningful impact through collaboration and creativity.

Election Promises (Max. 300 words)

Over the past year, I've seen how much SASSE thrives when its members feel informed, included, and inspired — and that's exactly what I want to help strengthen. If elected to the Student Council, I will work to make SASSE even more accessible and transparent by encouraging more open communication between the council and the members. I believe that every member should feel like they understand what's going on behind the scenes, and more importantly, that they can influence it. I want to make it easier for more voices to be heard — not just in theory, but in practice. Whether that's through better updates, simpler explanations of council decisions, or more opportunities for input, I'll work to bridge the gap.

SASSE has shaped my time at SSE, and now I want to shape SASSE in return. I'm not done here yet — and with your support, I hope to keep making this place feel like home for all of us.

ORDINARY COUNCIL MEMBER

Name and registration number: Pontus Crona 26214
Year of enrollment: 2024

Three reasons to vote for you:

1. I have previous experience in several different SASSE projects.
2. You love SASSE just as much as I do.
3. I actually read all the statutes.

Three reasons not to vote for you:

1. You have poor decision-making skills
2. If it would compromise your future career opportunities.
3. .

What revisions would you like to make to the SASSE budget (1 sentence what, 1 sentence why)?

I would like to focus on fostering SASSE's economical interests, to make SASSE even bigger and better for future students.

What does this position mean to you, career-wise (1 sentence what, 1 sentence why)?

This position would be a way for me to develop valuable cooperative and strategic skills by working in an important group. But the reason I am running, is because I think I myself would be a great fit for the council and would contribute to the best possible outcome for the entire student body.

Election Promises (Max. 300 words)

What would I give to SASSE?

The most important thing to me is to promote a student life that anybody, no matter interests or SASSE enthusiasm, would benefit from.

I aim to support motions that support new and different ideas compared to what SASSE currently does in order to have more activities and events that appeal to more members. For me, SASSE is a way for students to connect and find shared interests with one another, and I want to advance that idea.

I also want to expand SASSE's economical pursuits so that future students can have an even better experience during their time at SSE.

So, more concretely, I want to focus the budget on projects that are becoming more popular than previously, as well as on projects and ideas that will improve the student experience in the long term. This is, for one, to make it so that our activities appeals to more members and, for another, to contribute to bigger and better experiences for future members.
